ABOUT ME

Student / Software Developer

Hi, I'm a Backend Developer (Java Spring Boot) currently pursuing a PG Course related to Testing and QA. I have immense interest in Cloud Computing as well and have good knowledge of AWS and Docker. I wish to be a Full-stack Developer in the long run so I'm working on my overall growth as of now.

CERTIFICATIONS

AWS Certified Cloud Practitioner (September 30, 2022)
Amazon

Validation number : 4P74CJ1K6FR415SZ

https://aws.amazon.com/verification

Internet of Things (Advanced Certificate) (July 31, 2020)
IBM

https://www.credly.com/badges/fdb5c312-72b2-49b7-9a0d-41940d87afd6

SKILLS

Data Structures and Algorithm

7/10

Problem Solving

7/10

C and C++

6/10

Java, Spring Boot, APIs,

8/10

Database, SQL, NoSQL, MySQL, MongoDB

6/10

Git, AWS, Kubernetes, Docker

5/10

Linus, Unix, Bash, Shell

5/10

Python, HTML, CSS

6/10

WORK EXPERIENCE

Senseforth Ai (Fractal Analytics) (April 07, 2022 - March 31, 2023)
Software Engineer

- Worked as a Backend Developer for an e-commerce product which used Spring Boot, AWS, MySQL, Docker, Redis, Memcached and few other technologies.
- Integrated Facebook's Graph APIs since we provided WhatsApp BSP support, Zoho and CRM for lead capture and generation were also part of development and also worked on AWS components like EC2, Lambda, S3, Route 53, RDS for debugging and maintenance purposes.

PROJECTS

Tap-it (Multitasking redefined) (June 01, 2016 - August 01, 2016)
Built an Android Application from scratch as my final year Project in Diploma. It allowed users to switch between Facebook and WhatsApp

https://tinyurl.com/tapit-app

`Android` `Kotlin` `Gradle`

Realtime ANPR System (February 01, 2019 - May 31, 2019)
A deep learning based number plate recognition system where it detected number plates of vehicles in real time

`YOLO` `OCR` `Artificial Intelligence`

EDUCATION

Navrachana University (June 01, 2018 - May 01, 2021)
B.Tech, Computer Science and Engineering 6.7

https://nuv.ac.in/

Gujarat Technological University (May 01, 2013 - June 01, 2018)
Diploma, Computer Engineering 7.4

https://www.gtu.ac.in/

ACHIEVEMENTS

F8 Conference and FbStart (April 01, 2016)
Facebook

- Scholarship to attend F8 with complimentary admission and also got accepted to the Bootstrap of FbStart and earned Social Good Package by Internet.org which included unique set of benefits specific to social good developers and mentor opportunities.
